ARMY SERGEANT SAYS RUSSIANS FACE CONDITION UNBELIEVABLE

Famine In Food, Fuel and Employment Stalks Thru Entire Nation

HUNDREDS STARVING Buildings Razed to Make Fuel; Utilities Operate Only Part Time

NEW YORK, April 23.—Petrograd was pained as a city of starving multitudes, lacking all the necessities of life, by Lieut. Angus T. Ward, of Chicago, just returned today from 15 months service in Russia with the American relief administration. He declared the conditions in Moscow were beyond belief and that the entire nation was practically foodless, fuelless and factoryless.

OHIO GOVERNOR WISHES, CAMPAIGNERS GODSPEED IN WORK OF COLLECTING A HIGH INTERDENOMINATIONAL BUDGET

Without a complete and comprehensive program of the church for the entire world, its mission cannot be fully consummated, said Gov. Cox. "To this end the adoption of business principles in establishing and maintaining financial support is essential."

RELIEF FROM THE SUGAR FAMINE IS SOUGHT BY PALMER

WASHINGTON, April 23.—Sugar consumers were given another gleam of hope today. Attorney General Palmer, informed that candy and soft drink manufacturers, thru a 'corner' of the bulk of raw sugar, are responsible for impending sugar shortages, and ascending prices, is making plans for a survey of ware house stocks.

HAVE YOUR AUTO LICENSED OR GIVE REASONABLE EXCUSE

Chief of Police J. R. Mapel received the following communication this week from the office of the secretary of state:

"After April 20th, motor vehicle owners must have 1920 license plates on their cars or be able to give a legitimate reason for their failure to do so. Interrupted mail service will be responsible for many persons not having their cars equipped who have sent their applications and money to this department."

Marie Urban has commenced suit in probate court against Harry Urban, asking for divorce, alimony and custody of the two children. They were married August 27, 1907. The plaintiff charges her husband with wilful absence for more than seven years and failure to provide. Lloyd S. Leech is her attorney.

WILL STAND BY DURING BATTLE NOW IMPENDING NEAR MAZATLAN

Two Gunboats To Leave San Diego Immediately; Fleet Is Off Cuba

COLBY IS RETICENT

Warships Were Requested By U. S. Representatives In Mexican Ports

WASHINGTON, April 23.—The state department this afternoon requested the navy department to send two light draft gunboats to Mazatlan and Topolobampo on the west coast of Mexico.

No action has been taken on the request for sending a warship to Frontera on the eastern coast of Mexico. No untoward incident has occurred, it is understood, but reports have been received that a big battle between the federal troops and the revolutionists is impending at Mazatlan.

Revolutionists are in control of Topolobampo. Mexicans in the vicinity of Mazatlan and Topolobampo live in the mining regions back of the ports but they have come down to the port towns since the uprisings in Sonora in large numbers.

It is understood that the light draft gunboats will be ordered to sail immediately from San Diego. Because of the shallow waters about these ports it is impossible to send heavy draft vessels.

The Atlantic fleet is at Guantanamo Bay in readiness should it be necessary to send warships to the Atlantic coast of Mexico. The warships Tacoma and Niagara from which marines were recently landed at Guatemala are also in easy calling distance of the Atlantic coast of Mexico.

Secretary of State Colby was questioned this afternoon as to whether the United States had prepared any diplomatic program in connection with the troubles in Mexico and he declared that he could not discuss the matter. At the Mexican embassy it was stated that no information had been received from Mexico today but there had been nothing to indicate a need for American warships in Mexican ports.

Dispatches received at the State department indicate that there is a very unsettled condition in Mexico which may lead to a serious outbreak and it is believed that it is to guard the safety of Americans in such an event that the warships have been asked for by U. S. representatives in the Mexican ports.

There are indications at the state department that a strict censorship has been set up in Mexico. No Mexican newspapers yesterday printed any articles bearing on the revolution, despite the fact that reports here indicate that the revolution is creating a serious condition of affairs.

Those in close touch with Mexican conditions were of the opinion that the call for warships was in anticipation of trouble rather than because of any trouble which had occurred.

Topolobampo and Mazatlan are both in the Mexican state of Sinaloa, on the western coast of Mexico. Frontera is in the state of Tabasco, on the Gulf of Campeche.

Topolobampo lies on a bay of the same name in the northern part of Sinaloa. It is at the terminus of a branch of the Kansas City, Mexico and Orient railway. Mazatlan is one of the chief ports on the western coast of Mexico. It lies at the entrance of the Mazatlan river into the Gulf of California. The population is 20,000.

Frontera is situated on the Tabasco river three miles from its entrance into the gulf of Campeche. It has a small export trade and a population of about 12,000.

The revolutionary movement which began in Sonora spread into Sinaloa. The governor of Sinaloa is said to have joined the Sonora revolutionists. There have been grave rumblings of unrest from Tabasco.

STRIKE CONDITIONS
CHICAGO, April 23.—Hope of a peaceful settlement of the switchmen's strike in the Chicago district was abandoned today, at least temporarily, when John Grunau, chief of the strikers, quit a conference with federal officials and angrily announced that he would have no further dealings with them.

Mrs. Adam Strome of Warsaw shopped in the city Friday.

LEONARD OFFERED FORTUNE FOR ONLY THREE FIST BOUTS

LOS ANGELES, CALIF., April 23.—
Benny Leonard, lightweight champion
appearing in motion pictures here, to-
day received a straight offer of \$100,
000 for three fights to be held in
Jersey City during the summer.
George Fagan, French lightweight
titleholder, is named as the head liner
among Leonard's proposed opponents.
Mike O'Dowd, middleweight cham-
pion, is another boxer whom the pro-
moter plans to have meet Leonard,
with either Johnny Dundee or Ritchie
Mitchell to be chosen for the other
bout.

Dave Driscoll, manager of the Jersey
City club making the offer telegraphed
the club's proposition to Billy Gibson,
Leonard's manager today.

USE FERTILIZER AT ONCE ON ORCHARDS

If fertilizer has not already been
applied to orchard trees, it should be
at once, say horticulturists at the
Ohio state university. A tree from 20
to 25 feet high needs approximately
five pounds of nitrate of soda or four
pounds of sulphate of ammonia. This
should be distributed under the
spread of the branches and beyond
rather than close to the trunk.
Previous experience shows that
crops are more than doubled by such
fertilizer, used in combination with
other good orchard practices.

Cocaine Sold Aplenty

LONDON.—The police are appar-
ently the only people in London igno-
rant of the fact that the cocaine traf-
fic is having the time of its life just
now," says The Daily Mirror.
"There is, I hear, one particular
rendezvous of drug dealers, and
'snow' is being sold at night in the
open streets. The Carleton case gave
cocaine a boom among the feeble
minded."

RIP VAN WINKLE HAS NEAR RIVAL IN YOUNG WOMAN

Believes She Could Sleep
For Week Since Tak-
ing Trutona

PORTSMOUTH, O., April 23.—
Trutona has done me so much good al-
though I have been taking it for only a
few days, I believe I could sleep a
whole week if no one called me," said
Miss Pearl Lewis, a well known Port-
smouth woman who lives at 601 West
Market Street, recently.

"I suffered from constipation, ner-
vousness and derangement of the kid-
neys," she continued, "and invariably
after eating any heavy food I would
feel bloated. My kidneys pained me
at times, and I was so restless I could
hardly sleep at night."

"Trutona is certainly a fine lar-
ative, so mild and gentle in action, and
it has given me great relief from my
kidney trouble, too. My nerves are
much steadier, and as I said before, I
believe I could sleep for a week now.
I can eat anything I want to and the
trouble I had with my stomach is a
thing of the past. In fact, I don't
suffer from any of my former bad ail-
ments."

"Trutona I think is the best tonic I
have ever taken and I am sure it will
help anyone troubled as I had pre-
viously been."

Trutona is now being introduced
and explained in Coshocton at Page &
Lorenz.

STOCK MARKET

NEW YORK, April 23.—After show-
ing a strong tone at the opening today
the stock market developed weakness
and many issues suffered substantial
losses.

Repligle steel was unusually active,
opening from 81 to 83 compared with a
closing of 76 yesterday. The stock
then reacted to 86½. Steel common
rose to 93, and then fell back to 92½
and Republic steel, selling ex dividend
showed a loss of 1¼ at 97½. Lack-
awanna, however, was in demand ad-
vancing 2 points to 83.
Mexican Pete rose 2½ to 177½ and
then dropped to 173. The other oil
issues acted in the same manner. Pan
American Petroleum advancing one point to
98½ and then falling to 96 while Sin-
clair yielded 1½ to 34. General Mo-
tors rose to 297 with a quick reaction to
290. Studebaker lost 1½ to 108½
and Pierce Arrow 1½ to 62½. U. S.
Rubber rose to 104½ but soon sold off
to 102½ while Corn Products from a
high of 101¼ dropped to 99¼.

CHICAGO, April 23.—Corn opened

To Celebrate Anniversary of Pilgrim Fathers' Sailing

LONDON.—The Congregational
Union of England and Wales has ap-
pointed committees and has plans far
advanced for a celebration of the
three hundredth anniversary of the
sailing of the Pilgrim Fathers for
America, starting September 3.

A series of celebrations is planned,
the first to be a reception by the Lord
Mayor of Plymouth in Guildhall,
Plymouth. A three-day program is
planned there and on September 7 the
tercentenary will be observed in many
other English towns.

FLIRTATION WALK, an illuminated runway extending from the stage more
than half way to the rear wall, one of the many novelties with "MY SOLDIER
GIRL," coming to the Sixth Street Theatre, Friday, April 23rd.

REALISTIC AIR RAID GIVES SHOCK TO LONDON WOMAN

DENVER, April 23.—So realistic was
the "night air raid" over Denver, staged
in connection with the local re-
cruiting campaign for enlistments in
Uncle Sam's Marine Corps, that Mrs.
John Patch, an Englishwoman who
was a victim of Hun air raids over
London in 1916, is in a serious condi-
tion from shock.

While an airplane played hide and
seek with a huge searchlight, and
birdmen performed daring stunts in
midair, dropping "bombs" on a vast
throng in City Park, Mrs. Patch, walk-
ing in a downtown street, saw the
spectacle and went suddenly into a
paroxysm of convulsions. She ran
terror-stricken thru the streets until
taken in charge by city patrolmen.

When Mrs. Patch's identity was dis-
covered she was taken to her home,
where she is a nervous wreck.

"I saw the flash and heard the
whirring of the engines," she has told
friends, when her condition permits of
conversation. "In an instant came
back that awful moment when on a
night in September, 1916, a squadron
of German planes whizzed into the
searching light of our watchers over
Leicester Square, in the heart of Lon-
don, and dropped tons of bombs which
brought destruction to two square blocks
in that area."

"When I saw the long finger of light
that disclosed the airplanes in the sky
over City Park here, I lived over those
awful hours again, and I fear it will
be months before I regain the
strength that I had attained since com-
ing to this western climate."

GROSS SALES AND WAR PROFITS TAX TO PROVIDE BONUS

WASHINGTON, April 23.—In-
surgency among house Republicans
over the character of taxes to be levied
to pay a bonus to ex-service men has
been quelled and the restoration of
comparative harmony in Republican
ranks brot about it was announced to-
day by Republican leaders.

This condition has come by the ef-
forts at compromise put forth last
night and today and the possibility
is that the bonus tax shall consist
both of gross sales and a war profits
tax.

Vassar College Seniors All Taboo Teaching

POUGHKEEPSIE, N. Y.—Vassar
college is not going to graduate a sin-
gle "school marim" this year. Accord-
ing to a survey of the 1929 class just
completed, not one of the seniors ex-
pects to teach. The class has its eye
on business, social service and other
professions, but teaching, once the
favorite career of every college grad-
uate, gets the cold shoulder.

"No money in it," is the reason as-
signed.

Laborers on King's Estate Ask 8-Hour Day

LONDON.—Unskilled day laborers
on King George's estate at Balmoral,
Scotland, have petitioned for an eight-
hour day and \$2 daily pay. They now
get \$9 a week and work ten hours
daily.

Recently when they petitioned the
king's commissioner, Captain Ramsay,
for a wage boost they were notified
they could have a week's notice or
continue working ten hours daily.
Ramsay says the men get more than
the general wage ruling in that dis-
trict for such work, the average pay
being 35 shillings weekly.

VOLCANO IS ACTIVE

SEATTLE, WASH., April 23.—
Mount Katmai, in Alaska is reported
to be still in eruption. Flame and
ashes are reported spouting from the
volcano crater, which can be seen

GENERAL STRIKE MAY BE CALLED BY NEW YORKERS

WASHINGTON, April 23.—A sym-
pathetic strike of transportation work-
ers in New York and New Jersey if
the strikers are not reinstated with
full seniority, was predicted today by
Frank Boland, head of a committee of
New York and New Jersey strikers
who came here to appeal to the rail-
road labor board.

Boland said that a strike will be
called today in the Long Island power
house and the service station at 31st
Street, New York City. Thirteen New
Jersey towns are now tied up by a
transportation strike, he declared.

Agreement of the strikers to return
to work was upset by the refusal of
the railroads to reinstate the men, Bo-
land said.

Aged Farmer Buried in Diamond-Shaped Coffin

SPRINGFIELD, O.—In an old-fash-
ioned diamond-shaped coffin of plain
wood, with oblique sides and boards
one inch thick, and devoid of fancy
carved wood, or unnecessary trim-
mings, the body of Benjamin A.
Fraatz, aged farmer, was buried.

This is the first burial of its kind
in this part of the country for twenty-
five years.
Complying with the request of the
deceased man, a local casket company
temporarily halted the entire ma-
chinery of its plant in order to make
the casket. It was manufactured out
of solid walnut and was very plain
but neat.

In further compliance with the
wishes of the aged farmer, no auto-
mobiles were used in the funeral pro-
cession. Neither was a hearse used.
The coffin, with its lifeless tenant,
was hauled to the church in a two-
horse covered wagon.

SHOT BY A WOMAN

ST. LOUIS, MO., April 23.—Walter

AMERICANS WILL OPPOSE MEXICANS CROSSING BORDER

DOUGLAS, ARIZ., April 23.—An
attempt of Carranza troops to cross
American soil in this section in order
to invade Sonora will be met by armed
interference on the part of the United
States troops.

This became apparent today when
a troop of U. S. cavalry was sent to a
point north of San Luis Pass. The
cavalrymen were dispatched there
after 800 Sonora troops were sent to
guard the entrance to the pass on the
Sonora side, fearing that Carranza
soldiers would attempt to force their
way thru the pass. In order to do
this they would have to cross Ameri-
can territory.

Home Destroyed By Fire, Baby Wears Doll's Clothes

CINCINNATI.—The children and
grandchildren of Virginia Hensley
will enjoy hearing her tell about the
time when she wore doll clothes.

Little Virginia is one year old.
The home occupied by the child and
her parents, Mr. and Mrs. Fred Hen-
sley, burned down here a few nights
ago. Unable to get their clothing, the
mother was forced to grab her scanty
clad daughter and get out of the
burning building.

Fifteen-year-old Henry Kordenbrock
was attracted by the flames. He
lived across the street from the burn-
ing residence. Noting the clothesless
condition of the babe, he hurried home
and returned with some of his sis-
ter's doll clothes, which Mrs. Hen-
sley put on little Virginia.

RENT TRUST IN OHIO CITIES IS ON THE CARPET

COLUMBUS, O., April 23.—Alleg-
ing rent profiteering in violation of the
Ohio anti-trust act, local attorneys and
other business today presented argu-
ment to the state supreme court in
support of their request that Attorney
Gen. Price or Franklin co. prosecutor
Schlesinger be instructed by the su-
preme court to institute ouster pro-
ceedings against the Depositors Realty
Co., of Columbus; The Cleveland-Col-
umbus Realty Co., The National and
State Real Estate Boards and the
Cleveland and Cincinnati Real Estate
Boards.

Claiming that the defendant boards
and companies have misused the
franchises issued to them by the state,
the plaintiffs charged that these com-
panies and boards have entered into
a trust and combination of their
capital, skill and use of their fran-
chises in order to create and carry
out restrictions in the price of busi-
ness, blocks, fuel, light and heat of
such business blocks and to increase
the rental values of business blocks
and to prevent competition between
the owners of these business blocks
and fixing standards of rental for
offices and stores.

Plaintiffs further contended that
these companies and associations
have bound themselves to charge a
fixed standard and price for their ser-
vices and their use of such property.

CAILLAUX FOUND GUILTY ON MINOR CHARGE IN TRIAL

PARIS, April 23.—The French sen-
ate sitting as a high court of justice,
met today to formulate a sentence for
former premier Joseph Caillaux, who
was found guilty of having commerce
and correspondence with the enemy.
The fact that Caillaux was acquitted
of the charges of high treason and of
having treasonable intercourse with
the enemy in wartime precludes a sen-
tence of death. It was announced that
the sentence would be made public
this evening. Mme. Caillaux was
greatly depressed by the findings of
the court. She declared that the ver-
dict of guilty on one accusation was
"a shameful travesty on justice."

The public generally approves the
court's verdict.

Keep The System Clean And You'll Be Healthy

Elimination helps to avoid colds, headaches and epidemics

ANYONE who has watched himself know there is nothing so important to health and comfort as regular daily elimination. Half of the minor illnesses of life are due to neglect of this. The five million men who were in our army know the importance of the doctor attached to this function.

By all means try to regulate yourself by intelligent diet and exercise, but when these fail you will need a laxative, one as near to nature in its action as skill can make it. In the opinion of many thousands of good Americans such a one is Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts promptly, gently and without griping and will with certainty regulate any tendency to constipation that you may have.

Take it when you feel drowsy, dizzy or feverish, when you feel a cold or a bilious coming on, when there is an epidemic, when you have eaten anything about which you are in doubt. It is at such times that you need to be free of poisons and of fermenting foods. You can buy Dr. Caldwell's Syrup Pepsin at any drug store. Thousands of families have it constantly in the house against emergencies.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Menomonee, Illinois.

Catarrhal Deafness and Head Noises

TELLS SAFE AND SIMPLE WAY
TO TREAT AND RELIEVE
AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Peppermint (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dripping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be in any people whose hearing may be affected by this simple, harmless, home treatment.

PESKY BED BUGS

(Pesky Devil Quater) P. D. Q. is a new chemical that puts the ever-lasting Pesky bedbugs, roaches, fleas, ants and cockroaches—impossible for the pesky devils to exist where P. D. Q. is used. Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 35c package makes a full quart, enough to kill a million bedbugs, roaches, fleas or cockroaches and also contains a patent sprayer to get the eggs nests in the hard to get places and saves juice.

Special Hospital size \$2.50 makes five gallons—contains three sprayers—supplied by druggists or sent prepaid upon receipt of price, either size, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

Sold by Wimmer-Arnold Co., Siegrist and Williams and other leading drug-

stores on the Brenneman family Monday evening.

THE PRESIDENTIAL PRIMARY

Slight interest attaches to the presidential primary which will be held in Ohio next Tuesday. In fact, it is doubtful if one-half of one percent of our people could a week ago have told the date on a bet. It is quite likely that only a small percentage of people even now know that a primary is to be held, or knowing that, realize, like the child in the poem, what it is all about.

Senator Harding, in scoring this primary has told the undoubted truth, only the senator's opposition is based on his dislike of all primaries, rather than the defects of this particular scheme to call our election machinery into use. It will involve the state in a tremendous expense running perhaps well above a half million dollars, and it is hardly to be expected that more than one voter out of five will avail himself of the opportunity to register his will.

It is the extreme difficulty of doing that very thing that has brot the whole primary system into ill repute. In Ohio, for instance, Republicans can go to the polls next Tuesday and choose between General Wood and Senator Harding. But what of the uncounted thousands who desire neither to lead their party this fall?

The same is true, even in a worse degree, on the Democratic side. There only Governor Cox's name is offered to the electors. What of those other thousands of Democrats who, perchance, want Governor Edwards, or Attorney General Palmer, or Ambassador Gerard, or Mr. McAdoo? The names of other aspirants on both sides not only are not printed this primary ballot, but the courtesy of sufficient blanks to write them in is scarcely accorded.

It may be argued that these gentlemen who are thus barred from receiving the ballots of their followers could have qualified under the Ohio presidential primary law if they had so desired, but that some of them out of courtesy to "favored sons," others from lack of funds or some other valid reason refused to avail themselves of this opportunity.

While this is true, it does not gainsay the statement above that the presidential primary as conducted in this state four years ago and as it must necessarily be conducted next Tuesday will in no wise give a correct reflection of the political sentiment of the state as regards the presidential aspirants on either side. It is a cut and dried affair between Harding and Wood on the one hand and Cox alone on the other.

That this must result in a farce is apparent. The true sentiment of Republicans and Democrats in Ohio will no more be known when the result of next Tuesday's primary is announced than it is now. Nobody will pay any attention to the returns. It will not come within a thousand miles of making an accurate register of the sentiment of Ohio voters as will, for example, the Literary Digest poll or other polls that are now in process of compilation.

And yet the taxpayers will be forced to foot the bills of a primary that will run into the hundreds of thousands of dollars and not be worth the proverbial tinker's cuss to them when it is finished. And what is true of Ohio is doubtless true of most of the other states, altho a few of them, we understand, have enacted presidential primary statutes that are much more flexible than ours and consequently will come much nearer registering the opinions and desires of all the voters of all the parties.

It is easily conceivable that a voting system as comprehensive, as simple and as flexible as the Literary Digest ballot and yet properly safeguarded against fraud, could be incorporated into a congressional statute and the people of each state vote under an identical system with that of the people of all the other states and the nation thus obtain an approximately correct expression of the popular will.

But one has to be a forward-looking optimist indeed, to see any such primary system inaugurated in this country for years to come, for such a system would do the very thing that political bosses have along fought in every primary law ever drafted—the securing of a correct reflection of the will of the people. The powers-that-be in state and national politics are much more interested in election laws that will defeat or hide the will of the people than those that will reveal it and make its expression easy.

The Bronson bill, giving Ohio the first form of primary ever introduced into the state, was admittedly drafted by the enemies of the primary. And ever since politicians have loudly proclaimed its defects and from that have gone on into a more or less bold tirade against the principle of the primary, but none of them ever told the truth to the effect that the primary itself is infinitely preferable to the old boss-controlled system of selecting party candidates in convention, and that the trouble in Ohio and in states similarly afflicted is not that the primary has superceded the convention, but that most state primary laws have been drawn for the express purpose of discrediting the entire idea in the minds of the people.

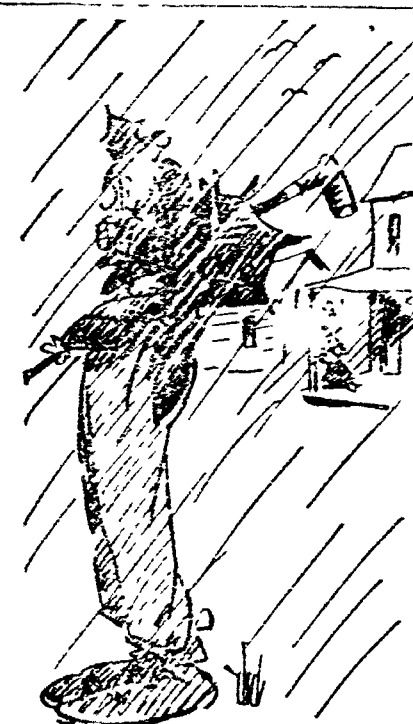

But no politician has ever been bold enough, in Ohio at least, to go to the people on a platform explicitly advocating the abolition of the primary system. The people, however, have instinctively felt that the primary plan is the better method of choosing candidates, even with as poor an excuse of a primary law as we now have. The people of Ohio will demand and in time get a far better primary law than the one under which they now nominate their candidates.

I notice above that I have used the word "lured." There is a word for you I almost cost me a job when I was on a western newspaper. I came galloping in from a fire that swept a block in the factory district at noon time. I repeatedly spoke of the "lured tongue of flame." The city editor got tired of reading the word and told me never to use the word again. Lured means "lure," ghastly, pale and gloomy. But it is a good word and I still like to use it.

The minister of a Fifth Avenue congregation went slumming in the Tenderloin recently and found that highballs were on sale in all restaurants nearby and that there was no effort to camouflage the drinks by serving them in teacups. He also found that the new dance halls that have sprung up are as wicked as the old Harlem market in its palmy day. The instructors are women of the streets who have girls "on call." SPRING FEVER

Following Colds, Grip or Flu, This, Watery or Poisoned Blood

(BY DR. VALENTINE MOTT)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Sord Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of "Golden Medical Discovery" tablets, or write for free confidential medical advice.

chorean palaces have suddenly been opened. This, despite the fact that the dance craze is dead. But according to the recent information they are used for bootlegging purposes and other evils that formerly flourished in the saloon and cheaper cafes.

En passant, as they say in those cute little French Wamamaker ads, and while on the subject of the bibulous it is easy to remark that in New York the flesh is willing but the spirit is weak. In fact there seems to be no kick at all in the \$2 cocktails. Of course I get this from my friends.

Three stenographers had their noon day lunch spread out on one of the marble slabs in St. Paul's churchyard far down town the other noon. A gentleman from out of town who was not used to seeing this daily outing attempted to take their picture to show the folks down home. He got a battered derby and camera for his trouble. Hell hath no fury like a Wall Street stenographer aroused.

THE JOLLIER

Things well done are mighty rare.

Capital and labor must be pulling together at last, on the ultimate consumer's leg.

Now watch the price of overalls go up as a sort of protest against the protest against the high cost of clothing.

One danger about joining the overall club and donning a pair of jumpers is that someone might suggest that you go to work.

Come to think of it, tho, this back to overalls movement isn't a bad thing for about all of America's troubles have come since the majority of men quit wearing them.

Look at Caesar, for instance. If he hadn't traded blue denim for sheet metal some of his relatives might yet be holding office under a Democratic administration.

And there's the kaiser. He had 267 suits hanging up in his various wardrobes, and not a pair of overalls in the entire outfit.

And then to think what a great little leveler of social conditions overalls might be. Theodore Vail, the greatest of telephone men wore 'em, and it sure would end the local phone strike if Joe Rue and Louie Gallagher would put on a pair apiece and come down and relieve the girls of picket duty for a couple of hours.

BRIGHT SPOTS IN THE DAY'S NEWS

CHICAGO, April 23—Peeking covertly about him, an Ethiopian individual stole from the Pullman car "Bacchus" early today with a large suitcase. Nearing the entrance to the railroad yards he was halted by a prohibition agent, who demanded to inspect the contents. The inspection revealed 24 pints of XXX moonshine. The ebony hued one, who proved to be a Pullman porter, was promptly haled before a court sergeant at a police station, together with his smuggled firewater.

"Name?" asked the sergeant. "Man name's Pleasant Jackson, but it don't mean nuthin'," was the reply. "All 'at name stands for am a pass word to bad luck."

Today I got a peck of spuds. My hungry form to fill; I had to soak my Sunday ends ere I could pay the bill. I paid as much to buy a peck as once a bushel brot, and so I went and cried "By Heck" and drank a williewaught. I drank a horn of Adam's ale, my spirit to revive; for how can one dig up the kale, and keep his pep alive? They say we run to luxuries, when we a hopping go; for costly meats, imported cheese, our hard earned bucks we blow. "Eat simple fare," the wise men say, "cut out the rich and fine, and you may save some coin each day, and put the same in brine." The wise men sagely chew their cuts and hand us logic pure; but is there simpler fare than spuds, the stand-by of the poor? "Is not the farmer makes them dear, the grocer's net to blame; some fat and heartless profiteer is at his beastly game. Somewhere there is a middleman whose rake-off is a crime; the buyer is the also man who gets stung every time. Somewhere there is a sycamore, somewhere a hemlock rope; these crazy times will soon be o'er, and sense will come, I hope.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out preeminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kiefer's Swamp Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kiefer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Coshocton Tribune and Times Age.

RUSSIAN SYMPHONY ORCHESTRA

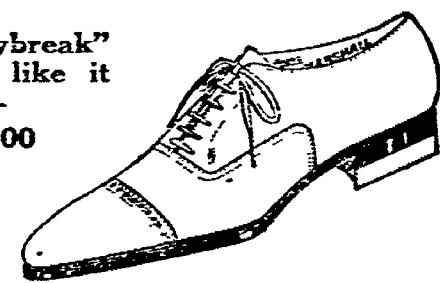

Not to know the Russian Symphony Orchestra is to argue oneself unknown and, as this famous organization of musicians will be heard at the Sixth Street Theatre, April 25th, it is only natural that the public should desire to know something of an orchestra which has lifted Russian music to the highest rank of music in America. Always appreciated and sought by our best musicians of today, Russian music was not generally understood nor heard by the people until Modest Altschuler, divining the musical soul of America, formed, some fifteen years ago, his orchestra for the purpose of making Americans better acquainted

with the works of Russian and Balkan composers of music. To his efforts is ascribed the fact that in the repertoire of every ambitious orchestra and musician in this country may be found the exquisite compositions of men but little known on this continent before their harmonies were interpreted by the orchestra of Modest Altschuler.

CAN NOW EAT THREE SQUARE MEALS A DAY

Well Known Business Man Says He Has Gained Sixteen Pounds On Four Bottles Of Tanlac And Feels Many Years Younger.

"I am now able to eat three square meals a day for the first time in two years," was the emphatic statement made recently by Joseph A. York, well-known business man and highly respected citizen of Portland, Maine.

"I am now sixty-nine years of age, and in all my life I have never run across a medicine that I consider in a class with Tanlac. I have just finished my fourth bottle and this medicine has benefited me even beyond my greatest hopes. Besides gaining sixteen pounds in weight, I have been built up and strengthened until I feel all of twenty years younger.

"For the past two years I have been in a miserably run-down condition, and was compelled a short time ago to give up all idea of business as I was too weak to look after anything. I was nervous, worn-out, had no appetite and suffered most all the time with indigestion. Some days I would eat scarcely anything; in fact I was afraid to eat because I knew I would suffer afterward. Sometimes I had such severe cramping pains after eating that I would almost die. My nerves were all unstrung and the least thing would worry me and I never could get a good night's sound sleep. In fact I just lost interest in everything and was greatly discouraged over my condition.

"The ordinary treatment failed to do me any good, and as I had read so many statements from people I know here in Portland who had been benefited by Tanlac, I decided to give it a trial. And now I know for myself

what it will do, for I have simply taken a new lease on life. I am now able to look after my work as usual, and never felt better in my life. I am able to eat three hearty meals a day and everything agrees with me perfectly. I eat anything I want and never feel a touch of indigestion. I know that there was a medicine that could do me so much good, and I am only too glad to have the facts about my case given to the public."

Folks With Thin, Pale Blood Hesitate—Feel Uncertain.

SHOULD TAKE PEPTO-MANGAN

Red-Blooded Men and Women Know What They Want to Do and Do It.

If may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection.

But if you can't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates, and re-builds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.—Advertisement.

BRYAN'S ELECTION AS DEM. DELEGATE PRESAGES GREAT OLD CONVENTION

WASHINGTON, April 23.—Now that returns from Nebraska have made it certain that William Jennings Bryan will be one of the delegates at large to San Francisco, politicians here foresee one of the most sensational conventions in the history of the party.

The Anti-Saloon league has summoned its forces for a descent upon both Chicago and San Francisco where every atom of its strength will be used, not only to keep out the party platforms anything approaching a "wet" plank, but to have inserted, if possible a distinctly "dry" one.

At San Francisco Bryan will lead the fight against the "wets." He will insist upon something upholding the "dry" laws being included in the party's declaration of faith, while behind him will be some of the most powerful influences in the country.

Against him will be Gov. Edward I. Edwards, of New Jersey, and another group of strong backers, who will go to San Francisco determined to put over a "wet" plank if it can be done by a fight.

A third group Bryan will have to fight will be the faction favoring light wines and beers, and who are expected to demand some expression favoring a more liberal interpretation of existing laws.

Against all these Bryan has publicly announced he will wage battle.

The hardest fight of all, however, is expected to come over the treaty of Versailles and league of nations. Administration leaders will go to San Francisco determined to carry out the ideas of President Wilson in writing the party platform. The Democratic national committee is on record as giving the president their unanimous endorsement including every detail of his efforts to make peace.

Bryan will fight the Wilsonians tooth and nail on this issue. He has taken the position that the treaty should be accepted by the Democrats with the Lodge reservations entire, if that is the best that can be done. Those who witnessed the bitterness of the wrangle in the senate over this point, and the sharp clash between Capitol Hill and the white house on the subject foresee terrific scrimmages when the party foregather at the Golden Gate next June.

With the "wet" and "dry" fight on his hands, and the fight against the administration leaders on the treaty and league, Bryan will have at San Francisco the hottest fight of his life, and spectacular things are expected to take place there.

JAPAN'S DELEGATE TO INTERNATIONAL MEETS IS 'Y' WORKER

Miss Michi Kawai.

This is an eventful and important and very, very busy year for Miss Michi Kawai of Tokyo, Japan. Miss Kawai, who is national secretary of the Y. W. C. A. in Japan, has been attending the sixth annual convention of that organization representing her countrywomen. Next month she will attend the British conference of the Y. W. C. A., then she will attend the International Suffrage Association conference, and the International Y. W. Students conference. This little woman from far away Japan will visit England, Sweden, Switzerland and Spain in her capacity as a delegate.

A course for home assistants who will work in homes on a business basis, forty-four hours a week with one day off in seven and two weeks' vacation a year with pay, is to be given this summer in New York City at the Central Branch of the Y. W. C. A. This is the largest Y. W. C. A. in the country, with 14,000 members, and is a leader in new movements for girls and women, especially in vocational training and employment placing.

The home assistant's course includes training in all lines of house work, menu planning, household accounts and on graduation a certificate will be given. This is a pioneer step in the United States in the effort to dignify the position and attract more young women to the work.

Neighbor's Pianos Rattle Victor Herbert's Genius

NEW YORK—Victor Herbert, noted composer, works on his well-known musical compositions in the bathroom of his home.

The composer confessed the bathroom was the only place in his apartment where he was free from being annoyed by the "music" emanating from an adjoining apartment.

This apartment is occupied by ten musically-inclined young women, four pianos, three banjos and a talking machine. The composer had asked a city court judge to declare his neighbors a nuisance. The court sympathized but refused to take any action.

That farmers should make an effort to discard ears of seed corn that give any appearance of being affected with root rot is pointed out by specialists at the Ohio Experiment Station who are now working on a control for this plant disease.

Root rot in corn is rather a misnomer, it is stated, as the effects of the disease really appear in the grains of milk in seven days.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Measles, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave the organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' VapoRub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vicks' VapoRub will aid nature in relieving this inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long,

bringing the medication to bear directly upon the inflamed areas. Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vicks Chemical Company, 233 Broad Street, Greensboro, N. C.

GIRL WIFE AND STEP CHILDREN FOUND IN CAR

NEW PHILADELPHIA, April 23.—Another chapter in the romance of Ezekiel R. Bennett, former Dover minister, and his 18-year-old bride, Fern Isabel Bennett, was written Tuesday when the bride together with her two step-daughters were brot to New Philadelphia by Canton juvenile authorities, following their apprehension Sunday night in a bexcar near Louisville, a suburb of Canton.

The two children were placed in the detention home in the county jail and

Wednesday afternoon were arraigned in juvenile court on charges of vagrancy and delinquency. Mrs. Bennett was allowed to go to the home of her father, George Burris, this city. May Bennett, 15, paroled last October from the girls' industrial school, will be returned to that institution. Marie Bennett, 13, is being held for further disposition.

Evidence offered in juvenile court showed an altercation took place in the Bennett home Sunday night. Mr. Bennett is now residing in Alliance.

Mother's Mistake Causes Death Of Her Baby

AFTON, Okla., April 23.—The mistake of Mrs. Elgin Wilson cost the life of her two-year-old baby the other day.

Mistaking a glass of cyanide of potassium for a glass of water, Mrs. Wilson gave the deadly liquid to the child. It immediately went into convulsions and died within a few minutes.

PAINFUL ILLS OF THE HEART WERE HERS FOR YEARS

Nerv-Worth Brought Relief and Former Cambridge Resident Tells About It

This enthusiastic praise-giver at one time lived in Cambridge and Bysterville. A few days ago in Canton, where she now lives she made the following statement to the Nerv-Worth druggist: "Bolender's drug store—For several years I suffered with my heart. My breathing had become short and difficult. Frequently I would have sharp pains about my heart, sometimes accompanied by fluttering, which would unnerve me. Very nervous; poor appetite; would blow up; gases in my stomach; poor digestion; no ambition; wasn't able to do my housework." Physicians prescribed for me with poor results. At last was told about Nerv-Worth. Purchased one bottle, felt very much better and taking the second bottle put me in such shape that I am doing my own work. Would not be without Nerv-Worth in my house.

ANTI-FAT

Art thou stout and getting stouter? Stop reprinting—cease to moan. Hee thee to the nearest drug store—Ask for "Tablets Arbolone."

Arbolone will stop that craving. Make thee normal—that's well known. Thou'lt forget that hungry feeling After taking Arbolone.

And the pounds away will dwindle—Waxt no longer like a zone. Thou'lt be thankful to the maker Of those Tablets Arbolone.

Note.—This little poem was written by a literary woman of Los Angeles, Calif., as a testimonial to Tablets Arbolone. It so aptly and truthfully describes the virtues of this well-known anti-fat that the proprietors use it for advertising. Facts and gratitude for both expressed with admirable rhythm and metre.

PRES. CARRANZA WOULD TALK THE REBELS BACK IN

WASHINGTON, April 23.—President Carranza has opened overtures for pourparlers with officials of the revolting state of Sonora, with a view to a possible compromise according to a statement made today by Gen. Salvador Alvarado, representative of Sonora here.

Gen. Alvarado declared that Ignacio Pesqueira and Roberto Pesqueira yesterday passed thru San Antonio from Mexico City enroute to the Sonora border where they will meet Gustavo Espinosa Mireles, governor of the state of Coahuila, to attempt to arrange pourparlers with officials of Sonora.

The Carranza government has authorized political concessions for the revolutionists of Sonora, Gen. Alvarado declared he is informed.

MERCHANT OFFERS SOCIETY OVERALLS

NEWARK, N. J., April 23 — Participants in the "overall rebellion" are wondering whether a local merchant was spoofing them when he advertised yesterday that he had overalls for bricklaying, banking, boiler making, bookkeeping, fishing, school gardening, banquets, church and the theater. He offered the widest range of prices on all kinds of overalls—in-

FRECKLES

Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

MINISTER THANKFUL

"I had stomach trouble for nearly 20 years, also constipation which filled my system with gas and fever. I could not do my work, and while I was down sick a lady from out of town sent me a bottle of Mayr's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. EX-HEAD OF BIG UNIVERSITY SAYS EDUCATION WILL RIGHT THE WORLD

BOSTON, MASS., April 23.—We need desperately a great moral revival in this country and in co-operative management you have one of the best means of bringing it about," declared President Emeritus Charles W. Eliot, of Harvard University, to members of the National Cotton Manufacturers Association today.

"We should replace with good will," he said. "The present ill will and there will be an extraordinary increase in production. By permitting the workers to share in the management of factories and of mines, you will create a sense of responsibility which will be of untold value to the whole of the country's welfare."

"Education is the only hopeful remedy for the present dreadful situation. The employer needs education quite as much as the employee."

WHOLESALE PRICES ARE UNCHANGED

POUGHKEEPSIE, N. Y., April 23.—Overall manufacturers in this city and Wappingers Falls report demand for working clothes has doubled in the last week. At the factory of Sweet, Orr & Company it was said that the wholesale price has not been increased, although retailers everywhere have increased their prices to consumers.

RAILROAD HEADS GET INDEPENDENT

NEW YORK, April 23.—Refusal of railroad managers to extend the time limits of their ultimatum and take back striking employees without loss of their seniority rights today has further complicated negotiations for the settlement of the "outlaw" railroad strike.

Strikers are to meet today in Jersey City to discuss a plan of action. Edward McHugh, chairman of the executive committee of the railroad workers of America, who returned last night from Washington, declared that if the managers persist in their refusal to extend the ultimatum, he will not advise the men he represents to return to work.

The action of the railroad managers is regarded today as having thrown down the gauntlet to the railway brotherhoods for a finish fight. J. J. Mantell, spokesman for the managers issued a statement definitely declaring that the basis of settlement of the strike arrived at in Washington

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

assistance along the lines of business organizations, such as co-operative live stock shipping associations, elevators, milk associations, beet growers and other produce associations and the like have decided to employ a man on full time to assist these enterprises.

A publicity man will also be employed as soon as funds are available. They also voted to co-operate with the State co-operative elevator association in the employment of a state purchasing agent who will purchase whatever staple farm supplies the farmers wish.

They also voted to equip the office with a complete mailing and addressing apparatus.

Voted to co-operate with the state department of agriculture and the U. S. bureau of crop estimates in the working out of a system of market information and statistical service.

Voted to have the secretary confer with the state federations of Kentucky and Indiana in regard to the placing of an agent in the Cincinnati market to look after the interests of the live-stock shippers who send their stock to that market.

Voted to assist the county agents of the southeastern counties of Ohio in their program of eradication of tuberculosis among the cattle herds of that section.

Voted to approve the action of the American Society of Equity in protesting the increase of rates proposed by the Chicago livestock exchange for handling co-operative shipments of live stock. Referred the matter to the American Federation of Farm Bureau.

Voted to endorse the "Truth in Fabrics" bill and requested the secretary to ask all farm bureaus to get in touch with their congressmen and urge them to support the bill.

Voted to approve the action of the secretary in sending telegrams to all Ohio congressmen asking them to assist in bringing the Capper-Hershman bill will legalize co-operative marketing associations and is now being smothered in committee.

Voted that we notify our congressmen that we are opposed to the so-called Nelson bill which provides for an excise tax of one per cent on all land holdings in excess of \$10,000.

Voted to defer all membership drives until after August first.

Appointed a committee to work out a uniform constitution for all counties. This is to be done in co-operation with the extension department of the state university.

Mr. Depew Head, of Marion, on the part of the Ohio Hampshire Breeders association stated that the association would match any sum of money that any of the other breed associations would donate to be offered as prizes for boys and girls' club work. The committee asked the secretary to notify the other breed associations to this effect as well as the various farm bureaus.

The federation has retained a certified public accountant to work out a uniform system of books for the federation and all counties. Any county can have such a system installed upon payment of the cost of the books.

We would also like to ask at this time that every farm bureau appoint a county legislative committee of five each to select ten assistants well distributed over the county and that the names of all these men be sent this office as soon as possible.

These men as well as the county officers will be kept in constant touch with the legislative situation in order that we may secure quick action on such matters at any time.

Counties that are contemplating putting on a ten dollar membership drive this fall should communicate with the state federation and so inform us. Provision should be made for some representative of the federation to meet with their executive committee as soon as possible.

The counties that are already on the ten dollar basis are requested to send in a complete list of their members at the earliest possible date.

This makes a total of 17,334 or an average of 1575 per county against an average of 728 on the one dollar basis.

The federation and its officers are ready and anxious to co-operate with any and all farm bureaus, granges and other associations that are working for the betterment of agricultural conditions. We are especially desirous of receiving suggestions as to what your community's needs are and what you think the federation can do to assist in any way. We hope every one will feel free to call at the offices for information or to discuss the work that is before us.

Our aim is to co-operate with all in the working out of a constructive agricultural program.

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

RED-TOP FLOUR

Milled by the millers of the famous Aunt Jemima Pancake Flour

"THAT is why I know it's a good flour," your grocer will tell you. "Even if I knew nothing about the flour itself, I would not hesitate to recommend it, because I know that the Aunt Jemima millers would offer me only the highest grade of flour. They could not afford to identify their name with anything but the best."

Red-Top Flour is milled from the choicest Kansas Turkey hard wheat—noted for its plump, meaty kernels, its rich gluten content, its wonderful nutritive values.

Red-Top Flour never varies—each sack is the same.

Every day the wheat is tested, every day the flour is tested—and each sack that passes this double inspection is identical in gluten, in color, in flavor, in those qualities which produce the finest breads and pastries.

Order Red-Top Flour from your grocer. Learn what it means to use a flour that is always uniform, that never varies in quality, that gives perfect results in baking. Aunt Jemima Mills Company, St. Joseph, Mo.

Turkey, shorn of her subject races, drops from thirty to six million people.

Russia has also suffered terribly.

His Good Nature Cuts \$10 From His Fine

OKLAHOMA CITY, OKLA.—"Good humor and good nature" counted for \$10 here the other day when I. Hodge, truck driver, was fined for speeding.

"Judge, I'll bet you a box of fifteen-cent cigars the old 'boat' won't do twenty miles an hour," Hodge told the court.

"Better keep the money, Bud," the court replied. "Your fine is \$10, but we'll forget the first figure."

ECZEMA

Many have suffered from ECZEMA, the most distressing of skin diseases, because they knew that Resinol Ointment so quickly stops itching and generally clears away the disorder. From baby's slight rash to severe cases of eczema hundreds of letters bear witness to its healing power. It's easy to obtain—easy to use. Why don't you try it? At all druggists.

Nurses & physicians recommend Resinol

For years they have relied upon it in the treatment of skin and scalp troubles, because they know that Resinol Ointment so quickly stops itching and generally clears away the disorder. From baby's slight rash to severe cases of eczema hundreds of letters bear witness to its healing power. It's easy to obtain—easy to use. Why don't you try it? At all druggists.

Hen, Without Bill or Claws, Resembles Monkey

NEW YORK.—A black hen that looks and acts like a monkey is the unique window display of a hardware dealer on Grand-st, Brooklyn.

The hen has no bill, and as a result its face strongly resembles that of a monkey. It has no claws, so that its feet also resemble those of a monkey. It spends most of the time climbing around its crate, which is three feet high and three feet wide. The hardware dealer said he got the freak about three weeks ago from a poultry man in the neighborhood. He said he would not sell it because it has proved a great business getter.

BAD BREATH

Do you want your friends to avoid you? They will certainly do so when your breath is bad. There is no excuse for anyone having a bad breath. It is caused by disorders of the stomach which can be corrected by taking Chamberlain's Tablets. Many have been permanently cured of stomach troubles by the use of these tablets after years of suffering. Price 25 cents per bottle.

"MY SOLDIER GIRL."

When the musical spectacle, "My Soldier Girl," is presented at the Sixth Street Theatre tonight, theatergoers will be treated to gorgeous costumes, elaborate stage settings, lovely sets that are new and effective, a complete new version of book lyrics and music, and an excellent cast supported by a bewitching beauty chorus who, present the many stage pictures that make a show a success.

One of the many novel features in the musical play is a gorgeous stage setting which presents a brilliant production on the roof of a New York Theatre with a grand illumination of the city in the distance. In rapid succession follows, "Flirtation Walk," an illuminated run board extending out over the heads of the audience on which, the clever dances are introduced by bewitching beauties. A lawn fete at Colonel Stone's home, Miami, Fla., with banks of flowers and lights. Novel drills and dance ensembles. The famous "Lullaby" ballet from the roof of a New York Theatre, and a brilliant musical spectacle in all its merry making. There are fully some twenty musical numbers, including "My Soldier Girl," "Just For You," "Wrap Me Up in a Bundle of Love," "That Dixie Wedding Tune," and "Won't You Be My Beau" are among the real favorites.

BACKED OUT FROM
SELLING HIS FARM

Greene County farmer and orchard man changed his mind after he got able to do the work he had given up a year ago.

Stomach, bowels, kidney and liver had him discouraged. He took Drecto the great medicine, and feels like himself again.

"I often said I would give half my farm if I could only get some medicine that would get my stomach, bowels and kidneys right again," said Mr. Wallace Barry, the prosperous farmer of Bellbrook, Greene County, O.

"Years ago I visited down in Alabama and got ptomaine poison from eating sea crabs and was years getting better. In fact, I didn't really improve fast till I got some of this Drecto. I feel so much better that I can hardly realize now that I had suffered for so long. All the pain and nausea in my stomach is gone, also that lump in my throat, and my stomach is flat instead of being bloated with gas. I am gaining in solid flesh, sleep all night long and don't have to get up one time with my kidneys. My nerves are under wonderful control and not many men of my age have the steady hand that I have. My bowels act regular every morning, which makes me feel good all day."

Drecto is great to build up waning strength, for I am doing work on my place that I gave up last year as beyond me. In fact, I had concluded to sell my farm and retire and was about to close the deal when I began taking Drecto and today I don't want to sell, for I am able to conduct my affairs as usual and I credit Drecto with all of this."

Drecto has won a great reputation by restoring old persons and those who are weakly, sick and run down. Those who need a powerful tonic to build up their strength and get them in condition or who have deranged stomachs, weak kidneys, sluggish livers or shattered nerves should at once get Drecto.

Drecto is sold by all progressive druggists throughout the country and is being specially introduced in this city by

Does 3¢ = Americanism?

Did you know that 3c is MORE
than the churches average
from each member per day?

WE AMERICANS may be thoughtless. Sometimes we may appear selfish. But when a great need arises, no one can say that we have ever shirked.

Ask any son of France. Ask any soldier of Great Britain. Or ask any Armenian mother or a girl with a red cross on her sleeve or one with a tambourine in her hand.

And now the churches come to us for help—our churches. Not begging. Not asking alms. But with heads lifted high facing a task so worthy that we, as loyal Americans, ought to feel it a privilege to help.

Here is the Plain, Unvarnished Truth

We don't need to be told that the church is the heart of the Nation. We admit its influence for lasting good in our children. We see its stabilizing influence on our communities. We know a little of its great hospitals, its homes for children, its schools and colleges here and abroad.

But most of us do not realize how pitifully inadequate the support of the churches is when compared to the urgent needs.

Less than 3¢ a day!

In spite of the great tasks which we expect our churches to carry out, those of us who give to the church—and the number is all too few—are now giving an average of less than 3¢ a day for all church purposes.

Less than 3¢ a day.

Shall our churches go on? It is for you to say.

Without your help the work of your church must be just that much less.

Give—and give from your heart as well as from your pocketbook.

A World Survey Was Made

Our churches know the needs that must be met. They know exactly how every dollar—every penny—will be used for the greatest good without waste.

A world survey was made by the churches that astounds business men in its thoroughness. County after county was studied; the countries of the world were visited and reported in minute detail.

How the Interchurch
World Movement Originated

Our churches said: "The task of meeting the urgent needs shown by the world survey is too great for us to do individually as denominations. We must do this work together."

So thirty great denominations are cooperating—each keeping its own purpose and identity—but all working together under the name of the Interchurch World Movement.

Because of this cooperation, it is estimated that over one million dollars will be saved alone in eliminating waste and duplication.

Spanish Gamecock Worth \$17,000 On Way To Cuba

NEW YORK—Twenty prize gamecocks from Barcelona, one of which, according to his enthusiastic custodian, is worth \$17,000 and can whip more than his weight in chicken hawks, were brot here from Spanish ports by the liner Montserrat.

One bird died in transit after worsening the ship's dog. All the spurred battlers are on their way to Cuba to enliven the Cuban holidays beginning just after Easter.

Cut His Wife's Shoes to Pieces After Quarrel

FORT SMITH, ARK.—Cutting his wife's shoes to pieces following a domestic wrangle cost Frank Bruce \$10 here a few days ago.

Bruce testified in court that his wife had burned his clothing. He handed over the \$10 on orders from Judge Hale, before whom the case was called.

Drillers' Gas Well Proved To Be City Gas Main

PITTSBURGH—What promised to be one of the most unusual gas wells ever drilled in Pittsburgh proved to be only a "bloomer." The drillers had sunk only six feet when they struck a flow of several hundred thousand cubic feet. Investigation soon showed that a main of the local gas company had been punctured.

Arrested Beggar Had Solicited \$26 in 2 Hours

PITTSBURGH—Pity the poor beggar. Frank Dunn, an unkempt individual, squatted on the sidewalk here and solicited alms for two hours before he was spotted by a policeman. An examination at the police station disclosed that he had exactly \$26.80 in small coins which he had picked up during his two hours' work.

"Business was not very good today at that," he told the police sergeant. "I usually collect about \$29 an hour when things break right."

MIND A BLANK FOUR WEEKS

PITTSFIELD, MASS.—A victim of overwork, with his mind a blank for four weeks, Robert K. Simmons, fifty years old, of Boston, walked from Hudson, N. Y., to Pittsfield, thirty miles, and announced himself to the police, having regained his memory. Relatives sent sanitarium for his return home.

Simmons was employed at the Massachusetts General Hospital. He recalled little about his wanderings, except he had been in Albany and Hudson, N. Y., and seemed to be going back and forth between those cities.

Insect-Eating Birds Disappear from Cities

That the scarcity of insect-eating birds in cities is partly accountable for the damages done by tree insects is pointed out in a bulletin issued from the Ohio Experiment Station on "Insect Pests of Ohio Shade and Forest Trees."

The lack of natural habitat in the city for insect-eating, native birds accounts for their scarcity, and even now the numbers of these birds are rapidly decreasing from year to year, it is stated.

The English sparrow, which has had a strong influence in the elimination of so many insectivorous birds, is developing an appetite for insects, however, as records show that this bird is actually capturing and eating many of the pests of the shade trees.

Insect-eating birds, however, form only a portion of the control for the pests that attack trees, as it is generally necessary in most cities to organize a municipal tree-treating department to fight many of the scales and other pests that give trouble from year to year.

Ship In Distress

NEW YORK, April 19.—The shipping board freighter E. A. Morse, whose captain sent out S. O. S. yesterday, is now proceeding to port under her own steam. A wireless message, picked up today by the United States naval communication service here read: "We can make port without your assistance. Going under own power."

Little Boy Fatally Shot Playing William Tell

SOUTH NORWALK, CONN.—George Frederick, eight years old, was shot in the head and killed here while playing with a .22 caliber Remington-Union Arms Co. rifle. The boy had been reading the story of William Tell and decided to see if one of them could shoot an apple off the other's head. Young Gazzo and Mansey each says the other fired the fatal shot.

Fearing Federal Agents, Dump Raisins in Sewer

INDIANA HARBOR, IND.—Alarmed at raids being made by federal prohibition agents in this district, the unidentified possessor of 800 pounds of raisins and prunes—fearing to be caught with so great a quantity of "kick" producing fruit—dumped the entire quantity into the main sewer here. The sewer thereupon became completely clogged, and had to be dissected, pipe by pipe, before the trouble was removed.

Baby Drowns In Barnyard Watering Trough

REPUBLIC, KAN.—A desire, his parents believe, to "watch the horses drink," resulted in the death of little Clarence Fisher, two, son of Edward Fisher, a farmer near here.

The child's body was found in the barnyard water trough by his mother, following a thirty-minute search.

A physician was summoned, but life was found to have left the tot's body.

Aged Man Dead After Long Hunt For Sweetheart

AMESBURY, MASS.—Relatives of the late William D. Bagley, who died here recently leaving an estate valued at upward of \$100,444 are directing their efforts toward a search for a will, which up to the present time they have been unable to find.

Mr. Bagley was seventy-four years old. His only heirs, so far as known, are Mrs. Elizabeth McDonald, of Georgetown, a niece, and two distant relatives who are supposed to be living somewhere in Minnesota.

It is believed he died of a broken heart thru inability to find a former sweetheart.

Form "Overall Club" at Tampa to Beat H. C. L.

TAMPA, FLA.—It is becoming fashionable to wear overalls in Tampa.

Because of the high cost of other styles of garments an "Overall Club" has been formed here, the members pledging themselves to wear overalls on all possible occasions. The club has several hundred members.

It is expected similar clubs will be formed in other towns thruout the state.

Farmers Fed Prairie Chickens During Winter

FARGO, N. D.—Thousands of prairie chickens in this state were enabled to live thru the past winter only by being fed by farmers.

Spaces about one hundred feet square were kept clear of snow and grain screenings scattered there daily for the wild fowl.

The prairie chicken is one of the best friends of the North Dakota farmer. It is a known fact that it eats many times its weight in insects.

Girls Seeking Excitement Set Fire to School Barn

CONCORDIA, KAN.—"We just wanted excitement," was the only excuse of Julia White, Florence Rhodes and Alma Lord when they pleaded guilty to setting fire to a hay barn at the girls' industrial school. The blaze caused damage estimated at \$2000. They were bound over for trial in the district court.
